# a mystical & magical

## CURATION OF EXPERIENCES.

Set beside an ancient body of water during one of the most powerful times of the year, we gather as a tribe of many colours to celebrate life and reconnect to our true nature through ancestral technologies.

Rooted deeply in our African heritage, we pay homage to the ancestral lands and learn from the voices of those who came before us.

TRIBE IN IV transcends the boundaries of a festival or retreat, it's a collective journey and ceremony, a holistic blend of both, a dance within and around a soulful community.

This is your invitation to celebrate the ceremony of life and to be warmed by the sense of Tribe as we journey together towards our Golden Selves.

# ANCESTRAL RECIPROCITY

In our journey, we've been honored to meet many African indigenous wisdom keepers and culture custodians and part of our mission is to endeavour to support them as much we can. This year, we're raising funds to support them in their personal and communal growth. All proceeds will directly benefit:

- **Naro Giraffe Dance Group (Botswana):** Reactivate their Game Farm in Botswana to generate money to support themselves and their communities
- **Bushman Piet Barendse and Tino (Kalahari):** Was recently in car accident so is unable to working. This would support his journey greatly and allow him continue his mission to spread the knowledge and culture of the bushmen, around the world.
- **Elder Ruben and Sharon (Citrusdal):** Funds will aid in purchasing essentials for their community garden and providing clothing and nourishment for children in Citrusdal.

Your sponsorship offers immediate aid and ensures the preservation of these ancient cultures for generations to come. Thank you for considering. Together, we can make a difference in the lives of these extraordinary individuals and their communities.
